Senior Software Engineer | Attorney-At-Law & Notary Public |  
Company Secretary | Commissioner of Oaths

July 22, 2021, Minoshini worked with Rumes in different groups

It was amazing to work with Rumes, who was an outstanding Software Engineer. He is a detail oriented, target oriented, ambitious and strong co-worker, his knowledge is vast and thorough. Has an easiness to build interpersonal relations with others. He showed a high level of dedicated, technical technical skills and was a valuable contributor to the projects he involved. Rumes worked far beyond the call of duty. He is an asset to any company.

July 20, 2021, Karlheinz worked with Rumesh in different groups

Working with Rumesh has always been a pleasure. The implementation of the problems reported by me were always fulfilled by him promptly and to the fullest satisfaction. Rumesh understood how to present his ideas for adjustments and corrections in such a way that I, as a non-developer, always understood how the solution should be implemented. Rumesh always went the extra mile with us and was available even on weekends and late evenings (or after SL time at night) without compromising the quality of the results. I wish Rumesh all the best for his future professional and personal life.

July 18, 2021, Wolfgang worked with Rumesb in different groups

As a software engineer I worked with Rumesb for several years, mainly in the development and maintenance of our product in the automotive environment. I got to know him as a friendly, open-minded and versatile person. He is super easy to work with. He brings himself into the team, works hard, and performs excellently even under pressure. It is a great loss to lose him. Thank you for the time we had and everything you accomplished. All the best for your future!

## **M.M.Dinesh Maduranga**

Technical Consultant at IFS(Senior System Engineer)

July 14, 2021, Rumesh worked with M.M.Dinesh in the same group

I've known Rumesh Aponso for more than 5 years at IFS .He is technically savvy when it comes to coding and IFS technologies. Also, he is very good at managing challenging customer projects and has the ability to clearly communicate and tackle the project demands effectively. Moreover, he has shown his skills in several different roles such as software engineer, technical lead. Also Good Technical knowledge and excellent customer handling are the key points I have observed in his capacity. I am very impressed with his ability to understand technical tasks no matter how complex it is. It is with great pleasure I recommend Rumesh as he would be an asset to any company.

## **Krishan Tharake**

System Engineer at IFS

July 13, 2021, Rumesh was senior to Krishan but didn't manage directly

Rumesh would be an asset to have on any team. To say he's a team leader would be an understatement. during his tenure at our company, he's gone out of his way to welcome newcomers and resolve any problems they might have. He pitches innovative ideas at company meetings but also listens to what others have to say, including constructive criticism. Rumesh put his highly creative mind to use to come up with alternatives.

## **Withanage Kasun Madhusanka**

Software Engineer at IFS

July 1, 2021, Withanage Kasun worked with Rumesh in different groups

Rumesh is focused, knowledgeable and always ready to help others. He is a proficient and committed individual towards the work he does. In my opinion he is the type of an employee that any organization would be proud to have. I got to know and work with Rumesh for six years during his tenure at IFS and he was always a well informed of on the areas he worked on and was considered one of the few people who could do any difficult task. He has a comprehensive knowledge in IFS Applications and was also very creative in solving issues in implementations. I did receive help from him for various tasks and, I always heard that he was a very resourceful + generous person for anybody who needed technical assistance from him. Outside work Rumesh was also involved in welfare and other activities at IFS. Whenever I noticed him, he had a very friendly attitude and always came forward to help others. In summary, I would like to recommend Rumesh very highly for any role in the field as a committed and talented professional with a lot of experience.

February 18, 2021, Tomas worked with Rumesh in different groups

I worked with Rumesh on a project recently at IFS, he did a really good job managing the technical side of the project. Both regarding Technical Project Management (handling offshore resources in both technical and functional area) but also stepped in and did some tasks when we lacked capacity and resources to do this. Rumesh, is always there to help. In short Rumesh made a really significant contribution to our project and ensured the success in our delivery.

## **Staffan Kellner**

Application consultant på IFS

January 18, 2021, Staffan worked with Rumesk in different groups

Rumesk and I have worked together quite a lot, me as a consultant and Rumesk as system developer. Normally I have some function that needs to be customized och changed in some way, and he will help me find the solution. Either on high level, where he checks what could be done, or on detail level, where he performs the actual development. This collaboration has been working really well. Rumesk is a skilled developer, he is very quick to understand what I as a consultant means and what the customer's needs are. He can also see consequences of different choices and is not afraid to question instructions if he sees better solutions. Rumesk is easy to get along with and is very good at communicating in English. He can handle stressful situations in a very good way, he is always calm and structured. Overall I would say that Rumesk is a great colleague to work together with, and I give him my best recommendations.

Rumesh is absolutely brilliant at finding solutions to complex problems even under pressure regardless of the technology stack involved. He always approaches the problem logically and finds a solution rather quickly and he's well known for this. He's a pleasure to work with and I had the rare opportunity to work with him.

## **Hasitha Dananjaya**

Senior Technical Lead / Team Lead

May 31, 2013, Hasitha and Rumesch were students together

It is a distinct pleasure to recommend Rumesch Aponso. He is one of my batch mates and very close friend. I have worked with him closely since 2009. Within time period we have completed number of projects successfully and achieved some awards. Rumesch is one of the brightest minds I have ever worked with. He catch up new technologies very easily and has short learning curve. During the degree period he has learned and mastered number of technologies which will qualify him as cross stack web developer and more. He is very logical when it comes to problem solving and that makes him an exceptional technical savvy person. One of the things I have noticed about Rumesch is, his courage and attitude towards a completing a task not only successfully but perfectly. This trait drives him to accept tough challenges and push his limits further more. His team spirit is also commendable and he will never let his team down under any circumstances. Another thing I witnessed about Rumesch is, he works on the dot (Not a single late submission on coursework with in these four years). Finally without any arguments, Rumesch will be a
